A Call from the Cosmic Consciousness: The Divine Installation of Mahadev in the Maternal Home of Shri Ram!

Dear Patriotic Sanatanis, Greetings. Sadar Jai Siya Ram, Har-Har Mahadev.

This is no ordinary message, nor is its appearance on your screen a mere coincidence. If you are reading this today, believe that the invisible cosmic energies of the universe are choosing you to become part of a history that will remain immortal for thousands of years to come.

Chhattisgarh — the sacred maternal home of Lord Shri Ram. Every speck of dust and every corner of this holy land is blessed and flourished by the dust of Maryada Purushottam Shri Ram's lotus feet. And today, on this very sacred soil, at village Chourel in the Balod district, right in the midst of the life-giving Tandula River, a monumental history is being written through the Asmita Association.

Through our humble contribution, we are going to install none other than the deity of our Lord Shri Ram himself—Devadhidev Mahadev!

Manifesting Now — "Shri Chhattisgarheshwar Mahadev"

Amidst the ripples of Tandula, an eternal truth is being etched onto the chest of time—a unique and invincible convergence of science and our ancient Vedic faith:

A Colossal 63-Foot Deity: This divine Shivling will stand 63 feet tall, with 30 feet of its structure rooted deep beneath the earth and water as an invincible foundation, anchoring the power of Sanatan.

Chiseled by Sculptor Arun Yogiraj: This divine saga is being brought to life by the pride of our nation, Shri Arun Yogiraj Ji — the legendary sculptor who carved the globally revered idol of Ram Lalla in Ayodhya, which has mesmerized the entire world.

Imperishable Krishna Granite: The hardest, purest, and most vibrant stone on this earth—'Krishna Granite'. Cycles of centuries will turn, seasons will change, great deluges will come and go, but carved with the ancient interlocking of pure stones, our Shri Chhattisgarheshwar Mahadev will remain eternal and untarnished for thousands of years.

Pure Ancient Methodology (Zero Cement, Zero Iron): The lifespan of modern cement and iron is barely 70 to 100 years. Therefore, not a single gram of cement or iron will be used in the creation of this grand deity of Mahadev!

Invincible Interlocking System: This entire structure will be crafted using the ancient Vedic architectural interlocking system of Bharat. The stones will be carved and joined in such a way that they hold each other together for centuries without any artificial binding.

"In truth, where do we humans even possess the stature to install Mahadev? This is not our charity; rather, the supreme cosmic consciousness of the universe is itself orchestrating this service through us!"

This is Not Our Charity... It is the Resolve of the Universe!

This monumental task does not belong to a single individual or a king; it will be fulfilled by the collective resolve of every Sanatani residing in every corner of Bharat. The contribution of every true patriot is deeply desired in this grand sacrifice.

Vedic Ritual and Offering: Treating this epoch-making creation not as mere construction but as a living Vedic ritual, a sacred online offering of a minimum of just ₹ 369/- is requested from you, ensuring absolute transparency at all times.

Your Immortality: When you and I are no longer in this world, when our coming generations have faded into history... even then, standing amidst the waves of the Tandula River, this ancient monument will proclaim to the world that it was built with the spiritual connection and devotion of every ordinary Sanatani of Bharat.

Will we become wealthy by saving a mere ₹ 369/-? Absolutely not! But by offering it to this sacred holy sacrifice, we will surely become 'immortal' beyond the boundaries of time. Listen to the call of your conscience, do not hold yourself back!

Offer your contribution of a minimum of just (₹ 369/-) directly at the lotus feet of "Shri Chhattisgarheshwar Mahadev".

Accept this invitation from the cosmic energies and become a witness to this epochal transformation.

Vedic Ritual and Offering (Contribute voluntarily out of your soul's free will)

In the maternal home of Ram, I desire to offer a single pebble to Shiv."**
